

## Travel Information for Vienna

UZA2/Pharmaziezentrum  
Althanstraße 14  
1090 Wien

The official address at Althanstraße 14 is actually misleading as the UZA2 building is huge, and the address leads to the wrong end. You will have to enter the building at the entrance at Josef-Holaubek-Platz.

**This is very important for everyone who arrives by cab directly from the airport . You have to tell the driver to go to Josef-Holaubek-Platz/Verkehrsamt/Bundespolizeidirektion.**

From the airport Wien-Schwechat you can either take a cab or public transport.

We recommend booking a **cab** in advance (minimum 24 hours) via <http://www.airportdriver.at/index.php?lang=en&id=1>. Cost is around 31 Euro, and you will be picked up by the cab driver. The cab ride takes 20-30 minutes, depending on traffic

**Public transport:** There's a fast train called CAT between the airport and Vienna city center. The ride takes 16 minutes. You can find the schedule at <https://www.cityairporttrain.com/>.

The train terminates at Wien-Mitte (also called Wien-Landstraße). To find it at the airport, look out for green signs saying CAT.

Whenever you exit at the subway station Spittelau, take the stairs leading to "Josef-Holaubek-Platz" or "Verkehrsamt".

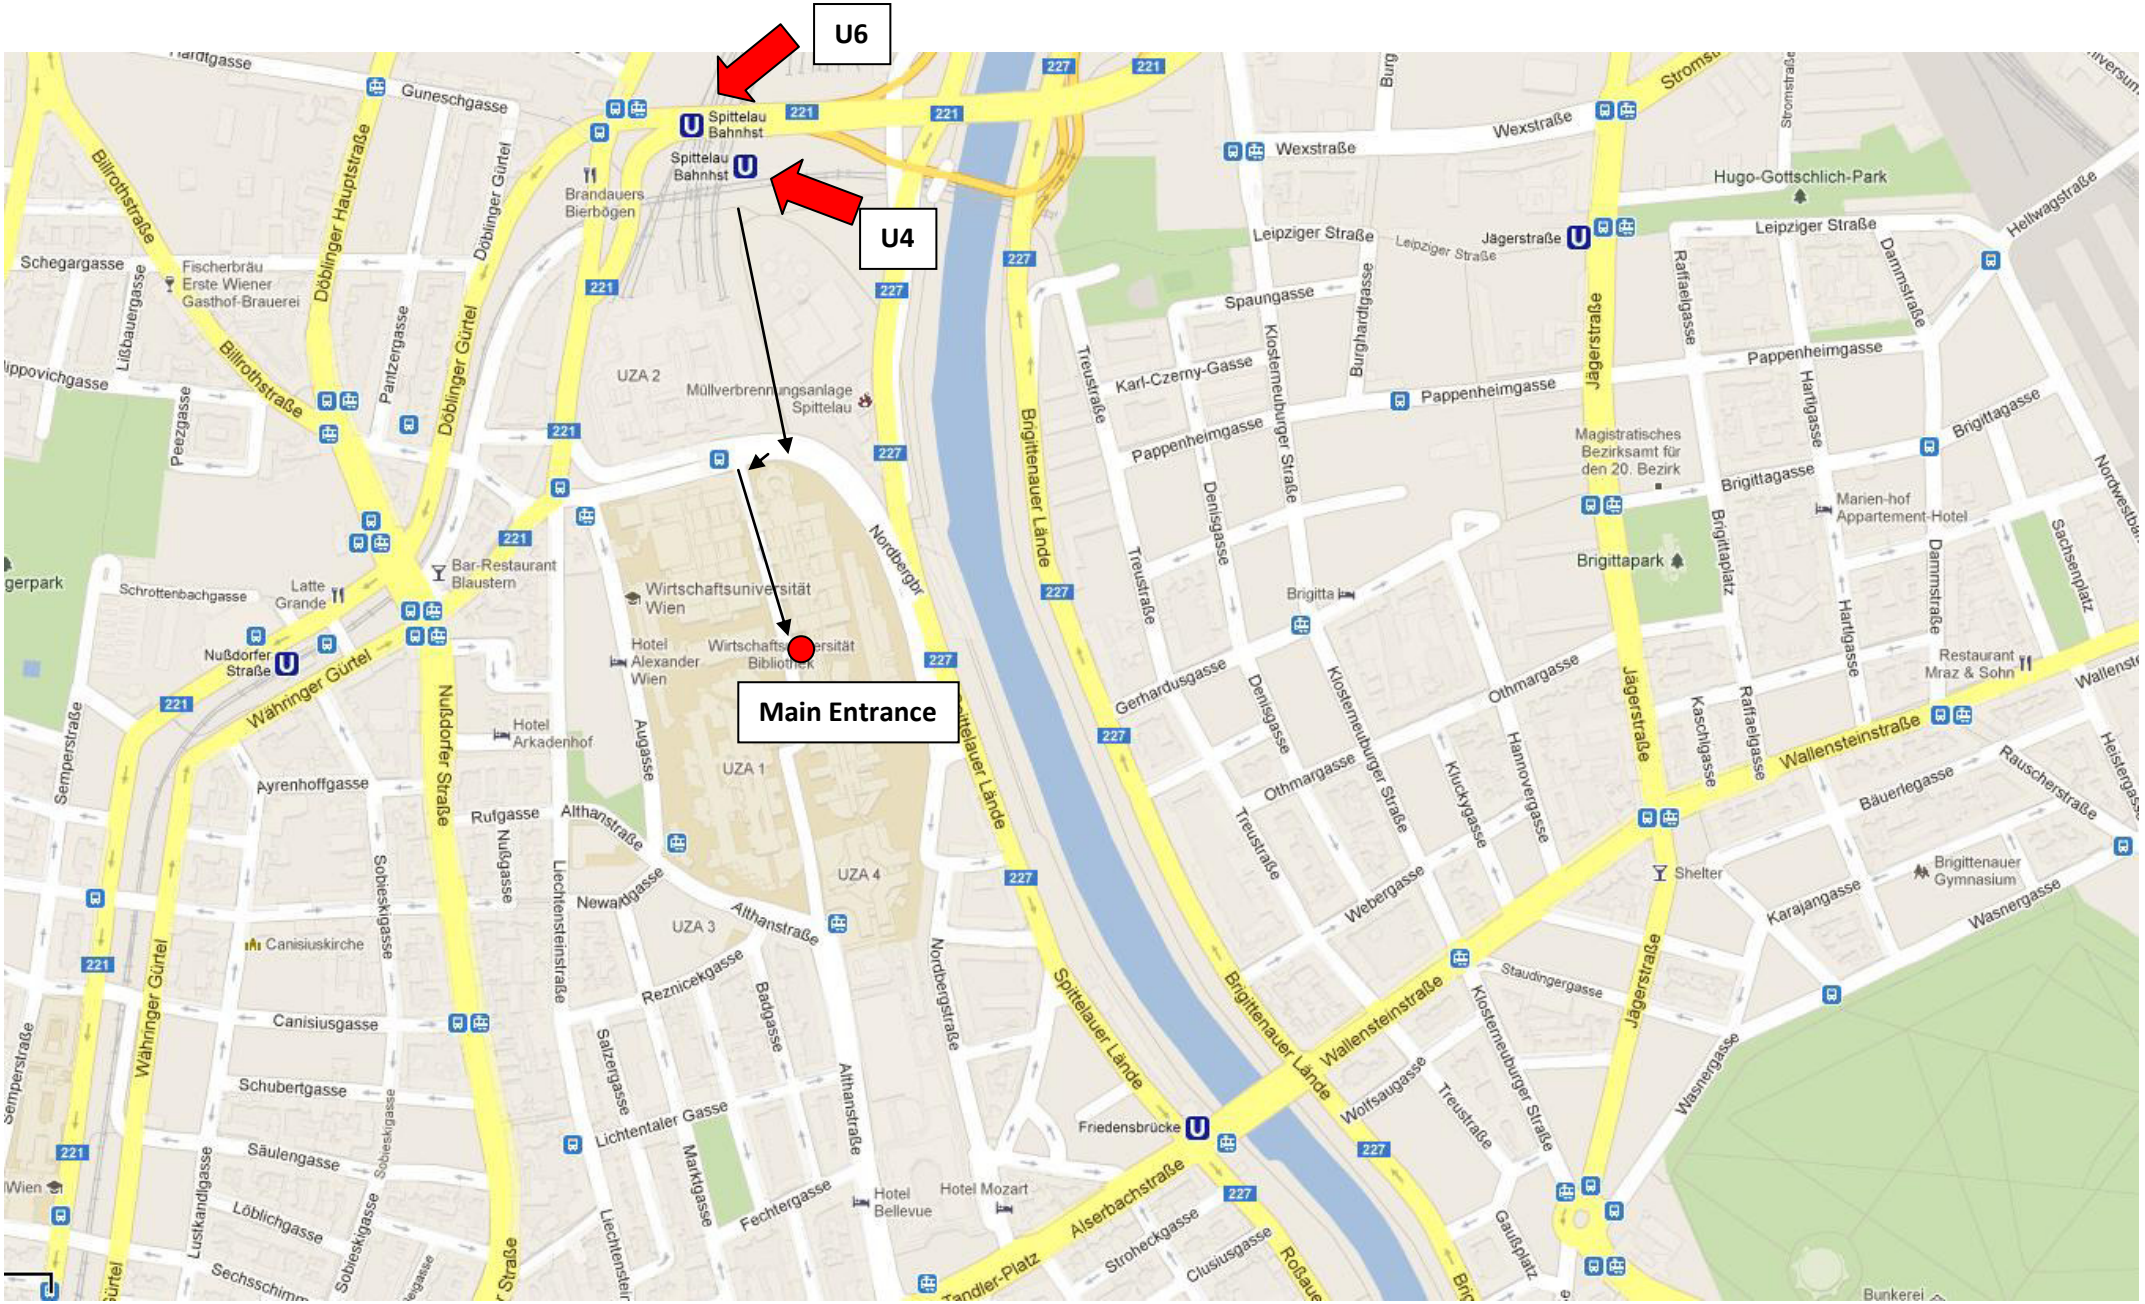

The Pharmaziezentrum can be reached by following lines of public transport (exit Spittelau):

subway lines **U4** (green line), **U6** (brown line), tram line D (exit Lichtenwerder Platz), bus lines 35A (exit Spittelau) and 37A (exit Spittelau).

You can find a photo guide how to get from subway exit Spittelau to the Pharmaziezentrum here: <http://pharmapoint.at/default.asp?id=1311&lid=1>  
It's only available in german and on the sign "Wirtschaftsuniversität" is now written "Josef-Holaubek-Platz", but may be useful for you.

Please also see the maps and pictures below for more information.
